## PREFACE

In 1948, the Government of Bombay revised the new pay scales of Government servants with effect from 1st January 1947 on the basis of the recommendations of the Central Pay Commission. The existing Financial Publication No. XI—New Rates of Pay Rules and Pay and Cadre Schedules published in 1943—has therefore become out of date. New rules governing the revised pay scales and schedules showing the new prescribed scales were issued under Government Resolution, Finance Department, No. 6567/33-I, dated 15th January 1948. The new Rules and Schedules framed on the basis of these orders as amended from time to time replace the existing Rules and Schedules except to the extent provided for in Rule 7 of the new rules. This Manual therefore contains :—

(1) The Bombay Civil Services (Revision of Pay) Rules made by the Governor of Bombay under the proviso to Article 309 of the Constitution of India, and

(2) Schedules showing the strength including the number and character of posts, both permanent and temporary with the old (pre-1931), new (post-1931) and the prescribed (post-1947) scales of pay of all State Services and Class III and Class IV posts under the Government of Bombay except to the extent shown in paragraph 2 below.

2. In view of sub-clause (2) of Article 229 of the Constitution the staff attached to the High Court of Bombay has been omitted from the purview of these Rules and Pay and Cadre Schedules.

3. Similarly, the Governor's personal and Secretarial staff, the Secretariat of the Bombay Legislature and the staff of the Bombay Public Service Commission are outside the purview of these Rules in view of sub-clause (3) of Article 158, sub-clause (3) of Article 187 and sub-clause (b) of Article 318 of the Constitution respectively. As, however, the information regarding these is likely to be useful, it is included separately as Appendix V to this Manual.

4. The Rules issued under Government Resolution, Finance Department, No. 6567/33-I, dated 15th January 1948, prescribing the method of fixation of pay in the prescribed scales and the various decisions of Government on questions arising out of the revision of pay scales are reproduced in Appendix I.

5. As a result of merger of former Indian States with the State of Bombay, a large number of merged States servants have been absorbed in Bombay Government Service. The Rules regulating the fixation of their pay and seniority on their absorption in Bombay Service are reproduced in Appendix II.

## BOMBAY CIVIL SERVICES (REVISION OF PAY) RULES.

In exercise of the powers conferred by the Proviso under Article 309 of the Constitution of India, the Governor of Bombay, is hereby pleased to make the following rules in supersession of the Bombay Civil Services (New Rates of Pay) Rules :—

### RULES.

1. These rules may be called "The Bombay Civil Services (Revision of Pay) Rules".

2. In these rules, unless there is anything repugnant in the subject or context—

(a) the terms "Old (pre-1931) Scale" and "New (post-1931) Scale" mean the scale or all the scales of pay heretofore attached to a post or cadre or the class within the cadre replaced by the revised scale,

(b) "existing scale" means the scale of pay applicable to a Government servant in respect of his substantive or officiating post, as the case may be, on the date of introduction of the revised scale,

(c) "non-permanent post" means a post other than—

(i) a post made permanent prior to the 3rd September 1939,

(ii) a post which carried the same fixed pay or time scale of pay as a permanent post of the same class specified in Columns 4 and 5 of the Schedules "A", "B" and "C" annexed to these rules,

(iii) a post or class of posts which the Governor of Bombay may by special order declare not to be a non-permanent post.

(d) "post-1931 entrant" means a Government servant other than a pre-1931 entrant.

(e) "pre-1931 entrant" means a person who has been in the employ of the Government of Bombay on 1st January 1948 in the old scale of pay specified in the annexed Schedules or as prescribed by special orders.

(f) "Schedules" means the schedules annexed to these rules.

3. The revised rates of pay of the services and posts included in the schedules shall be as prescribed therein.

4. The strength including the number and character of permanent as well as temporary posts of—

(a) the State services and Class III services in the Secretariat and the attached offices of the Government of Bombay,

(b) other Class III services than those specified at item (a) above, and

(c) the Class IV services, shall be as set out in Schedules "A", "B" and "C" respectively.

5. The revised rates of pay prescribed in the Schedules, "A", "B" and "C", shall apply to—

\* (i) pre-1931 entrants who have elected these rates of pay, and

(ii) all post-1931 entrants provided that a post-1931 entrant other than the holder of a non-permanent post may, if the maximum of his existing scale exceeds the maximum of the prescribed scale, continue in his existing scale until he vacates the post or ceases to draw pay in that scale.

*Note.*—For purposes of the above proviso, a Government servant shall not be deemed to have vacated the post or ceased to draw pay in the scale attached thereto if his tenure of the post is interrupted by leave, officiating promotion to another post or transfer to another post of the same class.

\* Period of limitation within which option indicated in Rule 5 (i) and (ii) is to be exercised is stated in G. R., F. D., No. 6567/33-I, dated 15th January 1948, published in Appendix I in this publication.

6. A pre-1931 entrant appointed to an isolated post, or to a class of posts which was not in existence prior to the 4th August 1931, or to a class of posts which was in existence prior to that date but which was abolished or resuscitated after that date, shall draw revised pay shown in the Schedules.

7. A pre-1931 entrant who has not elected under rule 5 (i) the revised scale of pay prescribed in the Schedules annexed to these rules, shall on transfer—

(i) from one subordinate post to another in the same promotion group as shown in Schedule "C" to the "New Rates of Pay Rules" superseded by these rules,

(ii) from one gazetted post to another in the same Gazetted group of posts, as specified in Schedule "B" to the "New Rates of Pay Rules" superseded by these Rules,

(iii) from one gazetted post to another connected by a regular flow of promotion, be given the rates of pay that would have been applicable to him had these rules not been issued.

When the transfer is between posts not connected in the manner indicated in clauses (i) to (iii) above the rates of pay shown in the Schedules "A", "B" and "C" shall apply.

*Note.*—Promotion groups have not been reproduced in Schedules annexed to these rules, as cases in which a reference to promotion groups will be necessary are not likely to be many. If, however, any such cases do arise, they may be submitted to Government for orders.

8. A pre-1931 entrant who elects the scales of pay prescribed in the Schedules attached to these rules as well as a post-1931 entrant other than a Government servant who retains his existing scale in exercise of the option contained in the proviso (ii) to Rule 5 shall subject to such conditions as may be prescribed by the Governor of Bombay shall become subject to these rules from the 1st January 1948 (or in the case of those who have entered service after that date, from the date of such entry) provided that, if he was in service on the 1st January 1948 he shall become subject to these rules from 1st January 1947 or the date of entering service, whichever is later.

*Note.*—For the purposes of the proviso, persons on duty, on deputation, on leave, on joining time, in foreign service or under suspension on the 1st January 1948 shall be considered to be in service on that date.

9. (1) These rules shall not apply to—

- (a) Government servants engaged on contract;
- (b) Government servants not in whole time employment; and
- (c) Government servants paid out of contingencies.

(2) Except as provided in sub-rule (1) these rules shall apply to all persons who are under the rule-making control of the Governor of Bombay.

## THE BOMBAY CIVIL SERVICES (REVISION OF PAY) RULES, 1948, AND CONNECTED ORDERS

*Bombay Civil Services (Revision of Pay)  
Rules, 1948.*

## GOVERNMENT OF BOMBAY.

## FINANCE DEPARTMENT.

Resolution No. 6567/33-I.

Bombay Castle, 15th January 1948.

## RESOLUTION OF GOVERNMENT.

In exercise of the powers conferred by sub-section (2) of section 241 of the Government of India Act, 1935, as modified by the Indian Independence Act, 1947, and the India (Provisional Constitution) Order, 1947, the Governor of Bombay is hereby pleased to make the following rules, namely :—

1. These rules may be called the Bombay Civil Services (Revision of Pay) Rules, 1948.
2. In these rules, unless there is anything repugnant in the subject or context,—
  - (a) “basic pay” means the amount drawn monthly by a Government servant as pay as defined in Bombay Civil Services Rule 9 (39) (a) (i);
  - (b) “completed years of service” means completed years of service, both officiating and substantive, in the particular post or cadre or class within the cadre concerned, and includes—
    - (i) the period of deputation during which the Government servant concerned would otherwise have officiated or continued to officiate therein;
    - (ii) the period of leave, including extraordinary leave, provided that in the case of a person whose officiating tenure of a post is interrupted by leave the period shall be allowed to count towards completed years of service only on the appointing authority certifying that the individual concerned would have continued to officiate in the post but for his proceeding on leave;
    - (iii) the officiating period during which a person appointed to the post was allowed a rate of pay fixed, under Bombay Civil Services Rule 66, at an amount less than that admissible under the ordinary rules; and
    - (iv) broken periods of such service;

*Note.*—Service vitiated by resignation or disciplinary action such as removal from service or dismissal should not be taken into account for computing the “completed years of service”.

- (c) “corresponding scale” means the scale or all the scales of pay heretofore attached to a post or cadre or the class within the cadre which are being replaced by the prescribed scale;
- (d) “existing scale” means the scale of pay applicable to a Government servant in respect of his substantive or officiating post, as the case may be, on the date from which his pay has been re-fixed in the prescribed scale;

*Note.*—In cases where the scales of pay attached to both the substantive and officiating posts have been merged into a single prescribed scale, the “existing scale” of an individual should be determined with reference to his position in the cadre as reorganised as a result of the introduction of the new scales and his substantive or officiating pay fixed accordingly.

- (e) “Government service” means service under the Government of Bombay and comprises prior service under Local Funds administered by the Government of Bombay;
- (f) “non-permanent post” means a post other than—
  - (i) a post made permanent prior to the 3rd September 1939;
  - (ii) a post which carries the same time scale as a permanent post of the same class specified in the Schedules A and C to the New Rates of Pay Rules (Financial Publication No. XI);
  - (iii) a post or class of posts which the Governor of Bombay may by special order declare not to be a non-permanent post;
- (g) “post-1931 entrant” means a Government servant other than a pre-1931 entrant;

(h) “pre-1931 entrant” means a person who is in the employ of the Government of Bombay on the 1st January 1948, and whose existing scale is an old scale of pay as specified in Schedules A and C to the New Rates of Pay Rules, or as prescribed by special orders;

## APPENDIX I—contd.

- (i) "prescribed scale" means a scale of pay prescribed in the Schedule;
- (j) "present pay" means the basic pay of a Government servant in the existing scale at the time of fixation of his pay in the prescribed scale;
- (k) "Schedule" means the schedule annexed to these rules.

## 3. The rates of pay shown in the Schedule shall apply to—

- (a) pre-1931 entrants who may elect these rates of pay; and
- (b) all post-1931 entrants, provided that a post-1931 entrant other than the holder of a non-permanent post, may, if the maximum of his existing scale exceeds the maximum of the prescribed scale, elect to continue in his existing scale until he vacates the post or ceases to draw pay in that scale.

*Note.*—For purposes of the proviso, a Government servant shall not be deemed to have vacated the post or ceased to draw pay in the scale attached thereto if his tenure of the post is interrupted by leave, officiating promotion to another post or transfer to another post of the same class.

4. A pre-1931 entrant appointed to an isolated post, or to a class of posts which was not in existence prior to the 4th August 1931, or to a class of posts which was in existence prior to that date but which was abolished or resuscitated after that date, shall draw pay prescribed in the Schedule.

5. A pre-1931 entrant, who does not elect under Rule 3(a) the scale of pay prescribed in the Schedule, shall, on transfer—

- (i) from one subordinate post to another in the same promotion group as shown in Schedule C to the New Rates of Pay Rules,
- (ii) from one gazetted post to another in the same gazetted group of posts as specified in Schedule B to the New Rates of Pay Rules, or
- (iii) from one gazetted post to another connected by a regular flow of promotion,

be given the rates of pay that would have been applicable to him had these rules not been issued. When the transfer is between posts not connected in the manner indicated in clauses (i) to (iii) above, the rates of pay shown in the Schedule shall apply.

6. A pre-1931 entrant who elects or draws under Rule 4 the scales of pay prescribed in the Schedule as well as a post-1931 entrant other than a Government servant who retains his existing scale in exercise of the option contained in the proviso to rule 3(b) shall, subject to such conditions as may be prescribed by the Governor of Bombay become subject to these rules from the 1st January 1948 (or, in the case of those who have entered service after that date, from the date of such entry), provided that, if he was in service on the 1st January 1948, he shall become subject to these rules from the 1st January 1947 or the date of entering service, whichever is later.

*Note.*—For purposes of the proviso, persons on duty, on deputation, on leave, on joining time, in foreign service or under suspension on the 1st January 1948 shall be considered to be in service on that date.

\*7. (1) The option under rule 3(a) shall be exercised in writing within six months of the date of issue of these rules, provided that in the case of a Government servant who is on that date on leave or deputation or on foreign service out of India the said option shall be exercised in writing within six months of the date of his taking over charge of his post in India.

(2) The option shall be intimated by the Government servant—

- (a) if he is a gazetted Government servant, to his Accounts Officer;
- (b) if he is a non-gazetted Government servant, to the Head of his Office.

(3) A Government servant who exercises option under rule 3(b) to continue in his existing scale, shall do so, subject to the proviso in sub-rule (1), within six months of the date of issue of these rules and in the manner indicated in clause (a) or clause (b) of sub-rule (2), as the case may be.

(4) The option once exercised is final.

(5) The Governor of Bombay may by special order extend, in any case or class of cases, the period of six months prescribed in sub-rules (1) and (3).

\* The period of six months prescribed for exercise of option in rule 7 was extended up to 31st December 1948 (F. D., C. M., No. 6567/33-IV, dated 6th July 1948. As revised scales of pay for certain posts were sanctioned late this period was further extended till the expiry of six months from the date of issue of orders sanctioning the revised pay scales (F. D., C. M., No. 6567/33, dated 4th January 1949).

## APPENDIX I—contd.

8. (1) Unless in any case the Governor of Bombay by special order otherwise directs, the initial pay of a post-1931 entrant shall be refixed in the prescribed scale with effect from the date from which he becomes subject to these rules, separately in respect of his substantive pay in the permanent post on which he holds a lien or would have held a lien if it had not been suspended, and his pay in the officiating post held by him, at the lowest pay admissible under the following three clauses :—

(a) The pay in the prescribed scale at the stage next above the present pay, increased by increments on the following scale :—

For the first three completed years of service in the corresponding scale, or less. One increment for each completed year of service.

For every three completed years of service after the first three completed years. One increment.

(b) The pay that would be admissible if the following amounts are added to the present pay and the next higher stage in the prescribed scale is taken :—

<i>Present pay.</i>	<i>Amount to be added.</i>
	Rs.
Not exceeding Rs. 100 .. .. .	15
Exceeding Rs. 100 but not exceeding Rs. 250 .. .. .	20
Exceeding Rs. 250 but not exceeding Rs. 400 .. .. .	30
Exceeding Rs. 400 but not exceeding Rs. 500 .. .. .	40
Exceeding Rs. 500 .. .. .	50

(c) The pay that would have been admissible had the completed years of service in the corresponding scale been rendered in the prescribed scale, or if he is not a holder of a non-permanent post, the pay in the prescribed scale at the stage next above the present pay, whichever is higher.

*Note.*—Where the pay as fixed under this rule is less than the sum of the Government servant's present pay and the monthly interim relief sanctioned in Government Resolution No. 6261/33, dated 16th September 1946, the difference will be treated as personal pay to be absorbed in future increments.

(2) In the case of a pre-1931 entrant, the initial pay in the prescribed scale shall be so fixed under sub-rule (1) as not to exceed the pay which would be admissible in that scale under that sub-rule to a post-1931 entrant on the New Rates of Pay, with the same number of completed years of service :

Provided that, if the pay of a pre-1931 entrant fixed in accordance with sub-rule (2) is less than the next but one stage (i.e., one stage above the next higher stage) above present pay, his pay in the prescribed scale shall be fixed at the next but one stage above present pay ; and provided further that, if the pay so fixed is less than the sum of his present pay and monthly interim relief (sanctioned in Government Resolution No. 6261/33, dated 16th September 1946), the difference shall be treated as personal pay to be absorbed in future increments, if any.

*Note.*—The provisos above are not applicable to pre-1931 entrants who are holders of non-permanent posts.

9. The next increment of a Government servant whose pay has been refixed in accordance with rule 8, shall be granted in the prescribed scale on the date he would have drawn his increment had he continued in the existing scale or on the date on which an increment is earned in the prescribed scale, whichever date is earlier :

Provided that in cases in which, solely as a result of the operation of this rule, a junior Government servant draws his next increment on a date earlier than his senior or seniors who belong to the same cadre, the date of next increment of the senior or seniors shall be advanced to the date on which the junior Government servant draws his next increment.

*Explanation.*—The concession in the proviso above will not be admissible to a senior in respect of any period for which his increment in the prescribed scale is postponed due to causes unconnected with this rule, e.g., withholding of increments, overstay of leave, grant of extraordinary leave not specially allowed to count for increment, or, in the case of a Government servant who is officiating in a post, grant of any kind of leave. In other words, the period by which the next increment is to be accelerated should exclude periods which do not qualify for increment under the Bombay Civil Services Rules or other rules and orders made by competent authorities. Subsequent increments will, of course, be regulated in the usual manner.

## APPENDIX I—contd.

10. (1) These rules shall not apply to—  
 (a) Government servants engaged on contract;  
 (b) Government servants not in whole-time employment; and  
 (c) Government servants paid out of contingencies.

(2) Except as provided in sub-rule (1), these rules shall apply to all persons who are under the rules making control of the Governor of Bombay.

## GOVERNMENT OF BOMBAY.

## FINANCE DEPARTMENT.

Circular Memorandum No. 6567/33.

Bombay Castle, 29th May 1948.

The Government of Bombay has passed the following orders on matters arising out of the Bombay Civil Services (Revision of Pay) Rules, 1948, and connected orders.

\* \* \* \* \*

3. *Payment of arrears of pay and allowances to persons whose services terminated in 1947.*—(1) Persons whose services terminated during the period 1st January 1947 to 31st December 1947, on account of retirement, death or discharge on termination of sanctioned posts, should be allowed the benefits of the Bombay Civil Services (Revision of Pay) Rules, 1948, and dearness allowance sanctioned in Government Resolution, No. 6567/33-II, dated 15th January 1948. In such cases the pay in the prescribed scales will be fixed as if the Bombay Civil Services (Revision of Pay) Rules, 1948, applied to them and the arrears of pay and dearness allowance will be paid in accordance with Government Resolution, No. 6567/33-II, dated 15th January 1948.

(2) The provisions of Government Resolution, No. 6567/33-IV, dated 15th January 1948, should also be extended to persons whose services terminated during the period 1st January 1947 to 31st December 1947, due to the causes mentioned above.

(3) Persons who were in service on 1st January 1948 should not be allowed the concession in clause (1) of this paragraph in respect of any broken period prior to that date.

(4) The arrears admissible under these orders are to be paid only if the person concerned (or in the case of a claim pertaining to a person who has died, his legal heir) applies for it in writing within six months from the date of issue of these orders.

4. *Admissibility of prescribed scales of pay to re-employed pensioners.*—(1) Re-employed pensioners drawing pay in a time-scale of pay are entitled to have their pay re-fixed in the corresponding prescribed scale shown in the Schedule to the Bombay Civil Services (Revision of Pay) Rules, 1948. Their initial pay in the prescribed scale should, however, be fixed at the stage which is equal to the present pay as defined in the Bombay Civil Services (Revision of Pay) Rules, 1948, or, if there is no such stage, the stage next below that pay plus personal pay equal to the difference, the personal pay being absorbable in subsequent increments. The date of increments should be regulated according to Rule 9. If the pay so fixed is less than present pay plus interim relief, the difference should be granted as personal pay to be absorbed in subsequent increments. Where the present pay plus interim relief, if any, is less than the minimum of the prescribed scale, the minimum should be given.

(2) Re-employed pensioners on fixed pay should continue to draw such fixed pay, and the amount of interim relief drawn by them, if any, should be granted as personal pay. No re-employed pensioner should be allowed to draw interim relief as such after 1st January 1948, unless the scale in which he draws pay is under revision and the remark "under consideration" has been made against his post in the column of prescribed scales in the Schedule to the Bombay Civil Services (Revision of Pay) Rules, 1948.

5. *Grant of personal pay to cover loss in basic pay plus interim relief actually drawn for any period from 1st January 1947 to 31st December 1947.*—If the sum of basic pay in the existing scale and monthly interim relief (sanctioned in Government Resolution, No. 6261/33, dated 16th September 1946) actually drawn by a Government servant for any period from 1st January 1947 to 31st December 1947, exceeds the basic pay in the prescribed scale plus personal pay, if any, admissible under the Note below Rule 8 (1) or under the orders in paragraph 2 (1) above, the excess should be treated as personal pay to be absorbed in future increments.

2. *Fixation of pay of persons officiating in higher posts on reversion to lower posts.*—(1) The pay of a Government servant officiating in a higher post on 1st January 1947 should, on reversion to a lower post in which he would have officiated on that date but for his officiating appointment in the higher post, be refixed under the Bombay Civil Services (Revision of Pay) Rules, 1948, with effect from 1st January 1947. For this purpose, his present pay will be that which he would have drawn in the lower post but for his appointment to the higher post. The service rendered in the higher post will count towards fixation of pay in the lower post to the extent the appointing authority certifies that he would have continued to officiate in the lower post but for his officiating appointment in the higher post.

(2) The procedure indicated above will apply *mutatis mutandis* to persons holding temporary posts in a substantive capacity.

In all these cases the normal date of increment should remain unchanged (F. D., G. R., No. 6567/33, dated 22nd June 1949).

2. *Regulation of the personal pays during transfer or promotion to another post.*—(1) The personal pay of a Government Servant granted under the provisions of rule 8(1) of the Bombay Civil Services (Revision of Pay) Rules, 1948, can be drawn, in the event of his transfer or promotion to another post, only during the tenancy of the particular post, held by the Government servant concerned, on the 1st January 1947. The personal pay cannot be retained or taken into account for purposes of fixation of pay in the event of transfer or promotion to another post, in the same or another station (including promotion in the same office). The personal pay may, however, be retained if the Government servant concerned is transferred to another office in the same town along with his post on account of re-organisation.

(2) A Government Servant drawing a personal pay under the rule referred to above, who is temporarily transferred to another post or is promoted to a higher post, should, on his reversion to the original post, be allowed to draw the personal pay which would have been admissible, but for his transfer or promotion, provided that in each individual case the appointing authority certifies that the person concerned would have continued to officiate in the original post but for his transfer or promotion.

2. The pay of a Government servant who is, on account of misconduct or inefficiency, temporarily reduced to a lower stage in his existing scale, should be fixed under the Bombay Civil Services (Revision of Pay) Rules, 1948, in the prescribed scale on the basis of the reduced pay with effect from the date from which the election is made and on the date from which the Government servant would have been restored to the unreduced pay in the existing scale, he should be allowed the pay he would have drawn in the prescribed scale but for his reduction.

3. The above procedure should also apply in the case of Government servants who were temporarily reduced to a lower grade or post on account of misconduct or inefficiency and the reduction was operative on the dates from which they elected the prescribed scales.

4. Further, the above procedure should also apply in the case of Government servants who were held up at the efficiency bar or at any stage of existing scale for not passing the requisite departmental examination without affecting their future increments and the withholding of increments was operative on the dates from which they elected the prescribed scales.

5. The pay of Government servants concerned should be re-fixed under paragraphs 2-4 above. If any over payments have been made under the existing orders, the recovery of the amounts overdrawn before the issue of this Circular Memorandum should be waived.

## CIRCULAR OF GOVERNMENT.

With a view to ensuring uniformity of procedure in refixation of pay in the prescribed scales and to serve as a safeguard against double claims, the Government of Bombay is pleased to direct that the pay of a Government servant who was transferred from one office to another during the calendar year 1947 or before refixation of pay in 1948, should be refixed in accordance with the procedure laid down in rule 8 of the Bombay Civil Services (Revision of Pay) Rules, 1948, by the officer on whose establishment the particular Government servant was serving at the time of refixation of pay. In the case of a Government servant who ceases to be in service from a date before 1st January 1948 pay in the prescribed scale should be fixed (wherever necessary) by the office under which the Government servant concerned was serving at the time of his discharge. The supplementary claims due as a result of the refixation should be drawn in that office where the Government servant concerned is actually working at the time of the drawal of these claims. The drawing office will collect necessary details in respect of the previous service in other offices where the particular Government servant had worked from time to time and consolidate such information, but the latter offices will have to supply necessary information regarding the amounts drawn in original bills and make suitable entries therein in respect of the arrear claims intimated to the drawing office for drawal.

2. The expenditure resulting from payment of arrears that become due to Government servants consequent on the refixation of pay in the prescribed scales of pay should be debited to the budget grant of the drawing office.

## GOVERNMENT OF BOMBAY.

FINANCE DEPARTMENT.

Resolution No. 6567/33.

Bombay Castle, 13th October 1948.

It has been represented to Government that, as a result of the operation of Rule 9 of the Bombay Civil Services (Revision of Pay) Rules, 1948, which allows the next increment in the prescribed scale to be drawn on the date on which an increment would have been drawn in the existing scale (if this date is earlier than the date on which an increment is earned in the prescribed scale), some Government servants receive less pay than their juniors in the same cadre. For example, the pay in the prescribed scale of Secretariat clerks whose pay was Rs. 50, 53, 56 or 59 in the "existing scale" of Rs. 50—3—95—5—160 on 1st January 1947 has been fixed at Rs. 75 in the scale of Rs. 75—5—140—E.B.—8—220. The date of the next increment being that on which an increment would have been drawn in the existing scale, a clerk whose pay was Rs. 59, but whose date of increment fell due in December 1947, is in an unfavourable position as compared with his junior whose pay was Rs. 53 and whose date of increment in the "existing scale" fell due earlier, say, in January 1947. In order to remove this anomaly, Government is pleased to pass the following orders.

2. In cases in which, solely as a result of the operation of Rule 9 of the Bombay Civil Services (Revision of Pay) Rules, 1948, a junior Government servant draws his next increment on a date earlier than his senior or seniors *who belong to the same cadre*, the date of the next increment of the senior or seniors shall be advanced to the date on which the junior Government servant draws his next increment. This concession will not be admissible to a senior in respect of any period for which his increment in the prescribed scale is postponed due to causes unconnected with Rule 9, e.g., withholding of increments, overstayal of leave, grant of extraordinary leave not specially allowed to count for increment, or, in the case of a Government servant who is officiating in a post, grant of any kind of leave. In other words, the period by which the next increment is to be accelerated should exclude periods which do not qualify for increment under the Bombay Civil Services Rules or other rules and orders made by competent authorities. Subsequent increments, will, of course, be regulated in the usual manner. The necessary amendment to Rule 9 (effective from the same date as the Rule) will be issued in due course.

3. Government is also pleased to direct that the seniority of graduate and non-graduate clerks as it actually existed on 31st December 1947 should be regarded as unaffected by refixation of pay in the prescribed scales under the Revision of Pay Rules. The seniority of clerks recruited thereafter should be regulated according to the standing orders on the subject (*vide* Government Resolution, Finance Department, No. 5708, dated 25th August 1942).

3. *Starting pays for clerks and Secretariat stenographers.*—(1) In supersession of all existing orders on the subject, Government has decided to grant the following starting pays to clerks in the prescribed scales shown below :—

<i>Scale.</i>	<i>Starting pays.</i>	<i>Rs.</i>
1. Mofussil scale of Rs. 46—3—85—E.B.—4—125— 5—130 or part of this scale.	Non-qualified men ..	46
	Matriculates ..	55
	Graduates ..	64

2. Bombay City scale of Rs. 75—5—140—E.B.—6— 200 or part of this scale.	Matriculates ..	75
	Graduates ..	85
	Honours Graduates ..	95

(2) All stenographers and steno-typists other than those to whom shorthand allowance is admissible, as also personal Assistants to the Ministers and Chief Reporter and Reporters (including Regional Language Reporters) in the Bombay Legislature Department should, if they are graduates, be granted two advance increments as detailed below :—

(i) Those who were in service on 1st January 1948 and who graduated before that date should be granted two advance increments over and above the pays admissible to them in the prescribed scales under the Bombay Civil Services (Revision of Pay) Rules, 1948, with effect from the date these Rules are applicable to them or the date of graduation, whichever is later.

(ii) Those who entered service after 1st January 1948, and those who will be recruited hereafter should be given two advance increments over the minimum of the prescribed scale, provided they have graduated before recruitment.

(iii) Those who have graduated after 1st January 1948, while in service and those who graduate hereafter while in service should be given the starting pay admissible to new recruits under paragraph (ii) above from the date of graduation and, if they are already drawing that pay or more, they should be given one advance increment from the latter date, the normal date of increment remaining unchanged in either case. (F. D., G. R., No. 6567/33, dated 26th November 1948.)

4. *Special pays.*—Pending a general scrutiny of special pays, the special pays at present granted to Government servants, whether as a fixed sum or as a percentage of pay, will continue to be paid at the existing fixed rates or percentages, the latter being calculated on the pays admissible under the Bombay Civil Services (Revision of Pay) Rules, 1948.

## GOVERNMENT OF BOMBAY.

## FINANCE DEPARTMENT.

Resolution No. 6567/33.

Bombay Castle, 3rd February 1948.

Government is pleased to prescribe revised rates of pay for whole-time and part-time Government servants paid from "Contingencies" and for part-time Government servants paid from grants under "Pay of Establishment," belonging to Class III or Class IV Service, as shown in the accompanying statements A, B and C. The revised scales of pay will have effect from 1st January 1948. In the case of persons who, on this date, have been in service continuously without a break, the revised rates of pay will be applicable from the beginning of such continuous service or the 1st January 1947, whichever is later. The initial pay of whole-time servants for whom time-scales of pay have been prescribed will be fixed at the stage in the prescribed scale next above the present pay.

2. The whole-time Government servants mentioned in statement A are eligible for the revised rates of dearness allowance sanctioned in Government Resolution, No. 6567/33-II, dated 15th January 1948. The pay, dearness allowance, monthly interim relief (sanctioned in Government Resolution, No. 6261/33, dated 16th September 1946) and the amount of the second bonus (sanctioned in Government Resolution, No. 6261/33, dated 15th July 1947) already drawn will be adjusted against the revised rates of pay and dearness allowance for the period for which the revised rates of pay are admissible retrospectively under these orders and any excess drawn will be waived. If the sum of present pay and interim relief exceeds the pay admissible under these orders, the difference will be treated as personal pay to be absorbed in future increments, if any.

3. The revised rates of part-time pay prescribed in statements B and C are admissible subject to the proviso that a part-time servant who works in more than one Government office does not draw an aggregate of part-time pays exceeding the pay of a whole-time servant of his class.

4. The pay, interim relief and temporary increase in pay already drawn by part-time workers in the Labour Welfare Department mentioned in statement C should be adjusted against the revised rates of pay prescribed in that statement, for the period for which the revised rates of pay are admissible retrospectively under these orders.

## GOVERNMENT OF BOMBAY.

## FINANCE DEPARTMENT.

Resolution No. 6567/33.

Bombay Castle, 29th October 1948.

## RESOLUTION OF GOVERNMENT.

In continuation of the orders issued in Government Resolution, No. 6567/33, dated 3rd February 1948 Government is pleased to prescribe, in the accompanying statements, revised rates of pay for the Government servants referred to in paragraph 5 of the Resolution. These statements should be regarded as supplements to statements A, B and C attached to the Resolution referred to above. The rates of pay prescribed herein are applicable from the date and in the manner indicated in paragraphs 1 to 4 of the Resolution.

2. The following modifications are also made in the orders contained in the Resolution mentioned above, with effect from the date those orders are applicable:—

(1) In the case of whole-time Government servants whose existing as well as prescribed rates of pay are time-scales (as distinguished from fixed pays), the next increment shall be granted in the prescribed scale on the date they would have drawn an increment had they continued in the existing scale or on the date on which an increment is earned in the prescribed scale, whichever is earlier.

(2) Whole-time water bearers and water servers in the Revenue Department mentioned in Statement A are not eligible for dearness allowance as they are on consolidated rates of pay (*vide* Government Letter, Revenue Department, No. 5942/45-24262 E, dated 28th May 1948, addressed to the Commissioner, Central Division, and endorsed to the Commissioners, Northern Division and Southern Division).

3. Whole-time Government servants paid from contingencies, who were made permanent by Government Resolution, No. 1787/33, dated 1st September 1948, are not included in the accompanying Statement A.

Accompaniment to Government Resolution, Finance Department, No. 6567/33, dated 29th October 1948.

## APPENDIX II—contd.

(2) If the present pay of the State servant is not his substantive pay, he shall be given the minimum of the prescribed scale, increased by increments on the following scale :

Completed years of service, as on the date of absorption, in the cadre in which he served.	No. of increments.
Less than 5 years	... Nil.
5 years and more but less than $7\frac{1}{2}$	... One.
$7\frac{1}{2}$ years and more but less than 10 years	... Two
10 years and more	... Three.

Provided that—

(i) If the present pay is less than the minimum of the prescribed scale, the initial pay shall not exceed the sum of (a) the present pay and (b) the amount of the first three increments in the prescribed scale, or, if there is no stage corresponding to such sum, the next lower stage. If the sum referred to is less than the minimum of the prescribed scale, the minimum shall be given.

(ii) The initial pay fixed under this sub-rule shall not exceed the pay that would have been admissible under sub-rule (1) had the present pay of the State servant been his substantive pay.

*Note.*—“Completed years of service” occurring in this rule means continuous service in the cadre as defined in Rule 2(b) above and that period refers only to such years of continuous service as an absorbed servant might have put in the cadre on the date of his absorption, in the service of the State in which he was serving immediately before that date. Prior service in some other State or broken period of service in the same State cannot be counted for purposes of this Rule. The term however should not be taken as a unit and for the purpose of this Rule, year should be treated as over as soon as a day passes after its close. For example a person who has put in 6 years and 2 days’ service, should be included in the group “Over six years but not over twelve years” and *not* in the group “Over three years but not over six years.”

“(3) In the case of persons who were substantive in lower grade and off. in higher posts before the date of absorption, the initial pay should be calculated both under rule 3 (1) 3 (2) above. The cadre service for the purpose of calculating pay under rule 3 (2) shall be the period of continuous service in the higher post rendered immediately preceding the date of absorption. The present pay for the purpose of rule 3 (1) should be the substantive pay and that for the purpose of rule 3 (2) should be the officiating pay in the higher post. The pay on absorption in such cases to be fixed should be the higher of the two calculated in this manner. These rules shall apply only to those State servants who have been absorbed in posts which either bear the same description or are of the same importance as the off. posts they held in the States”.

3A. †In the case of State servants absorbed in posts carrying the City scales of pay (including the Secretariat scales of Pay), their pay-scales in State service should be treated as “Mofussil Scales” and they should be allowed the benefit of Compensatory Local Allowance and House Rent Allowance over their pay in State service for the purpose of their fixation of pay in Government service. Accordingly, in all such cases,  $\frac{4}{5}$ th of the Compensatory Local Allowance and House Rent Allowance admissible to them on the basis of their State pay should be added to their State pay and the total taken as the “Present Pay” for the purposes of rule 2(d) of these rules. If the absorption of a person in a gazetted post, the scale of Compensatory Local Allowance and House Rent Allowance sanctioned for Gazetted Government servants would apply to him otherwise the rates sanctioned for non-gazetted Government servants.

3-B†.(a) On their absorption in the service of Government the initial pay of Baroda State servants who were drawing pay in the revised pay-scales recommended by the Pay Commission appointed by the Baroda State Government and whose present pay exceeds by 20 per cent. or more, the basic pay drawn in the State service on the 1st August 1947 in consequence of the revision of pay-scales, should be either,

(i) their present substantive pay, *plus* in the case of those who are absorbed in posts carrying the Bombay City Scales of Pay or the Bombay Secretariat Scales of Pay, their present substantive pay *plus*  $\frac{4}{5}$ th of the C. L. A. and  $\frac{4}{5}$ ths of the H. R. A.

(ii) the pay that would be admissible under Rule 3(1) of these rules on the assumption that their substantive pay on the date of absorption was equal to their substantive pay on the 1st August 1947 *plus* 20 per cent. thereof, *plus* in the case of those who are absorbed in posts carrying the Bombay City Scales of Pay or the Bombay Secretariat Scales of Pay  $\frac{4}{5}$ ths of the Compensation Local Allowance and  $\frac{4}{5}$ ths of the House Rent Allowance *whichever is more*.

‡ Inserted by G. R., P. & S. D., No. 2735/46-II, dated 12th September 1950 and dated 1st November 1951.

## APPENDIX I—contd.

In the case of (i), above, if the present substantive pay does not happen to be a stage in the time-scale in which the State servant is absorbed, the initial pay should be fixed at the next lower stage and the difference should be granted as personal pay to be absorbed in future increments.

(b) The initial pay fixed as above should be subject to provisos (i) to (iv) in rule 3(1) of these rules excepting the portion of proviso (iv) relating to the excess of present pay over pay drawn on the 1st August 1947. † The State servants whose initial pay is fixed under alternative (i) above should however be allowed to earn increments in the prescribed scale on the date when it fell due in the existing scale and not after serving for a complete incremental period in the prescribed scale.

(c) Cases in which the excess of 20 per cent. or more over the basic pay on the 1st August 1947, in the State services is due to reasons other than the revision of pay scales referred to above, should however continue to be reported to Government under proviso (iv) to Rule 3(1) of these Rules.

3-C†. In the case of those members of the Offices of the Former Regional Commissioner, Kolhapur and Deccan States, and those of the Regency staff of the Western India and Gujarat States who drew pay in the post-war revised scale as fixed by the Central Government (or the unrevised scales of the Central Government) their initial pay under this Government should be fixed at a stage which is equal to their present pay or the next lower stage *plus* the difference as personal pay to be absorbed in future increments. Such Government servants should be allowed to earn increments in the prescribed scale on the date when it falls due in the existing scale and not after serving for a complete incremental period in the prescribed scale.

3-D§. In spite of the revision sanctioned by the Cambay State Authorities, the revised pay scale of the Cambay State Servants before the date of integration of the Cambay State should be treated as their basic pays for the fixation of their initial pays on absorption in Government service even if the former exceed by more than 20 per cent. of the pays drawn by them on 1st August 1947 and should not be reported to Government as per proviso (iv) to Rule 3(i) of these Rules. However, cases of those State servants whose pay-scales have been increased for reasons other than those mentioned above, should be continued to be reported to Government for orders as to the fixation of their initial pay as required under proviso (iv) of Rule 3(i) of these Rules.

3-E||. In the case of those State servants who were in receipt of interim relief, if the present pay *plus* the interim relief sanctioned by the State Government exceeded the initial pay as fixed under these rules, the difference between the present pay *plus* interim relief and, the initial pay as fixed under these Rules, should be granted as *personal pay* to be absorbed in future increments. If, however, any State has sanctioned interim relief merely in view of the imminence of merger and not as a policy of administration, such interim relief should not be taken into account.

“3-F. If the case of an ex-State servant is re-examined and on reconsideration, he is absorbed in the grade higher than the one in which he was originally absorbed, his initial pay in the higher grade should be re-fixed in accordance with these general rules with effect from the date on which he took charge of the higher post and his initial pay calculated as if he has been absorbed in the higher grade on the date on which he was originally absorbed. During the period he held the post in original grade, he should draw the initial pay in the pay scale attached to such post as admissible under the general rules. The difference between the initial pay admissible in the higher grade and that which is admissible in the lower grade should, however, be paid to him if there was a clear vacancy in the higher grade and he could have been appointed in it from the beginning”.

4. If a State servant has not held any post in a State Cadre as defined in Rule 2, he will be given the stage in the prescribed scale next above his present pay, if the latter is his substantive pay; otherwise, the minimum of the prescribed scale:

5. The next increment of a State servant other than one to whom Rule 3(B)(b) is applicable shall be granted on the date on which an increment is earned in the prescribed scale.

5A. (a) ¶ All State employees who have been absorbed in Government service, and who are below 40 years of age on the 1st January 1950 should be on probation for one year with effect from the date of their appointment under this Government. All these persons who are absorbed in posts or services in respect of which departmental and/or language examinations have been prescribed should pass such examinations within two years from the date of their appointment. In special circumstances Government may extend this period to three years. The increments of the persons who fail to pass the examinations within the prescribed period will be liable to be withheld.

(b) All State servants in question shall be eligible to draw increments during the period of probation as well as the period allowed to them for passing the prescribed departmental and/or language examinations.

## APPENDIX II—contd.

(c) \*Such permanent State servants who have been absorbed in temporary posts should be treated as permanent servants for all purposes such as leave, pension etc. They should also be treated as permanent for purposes of grant of increments: Accordingly their leave in temporary posts should count for the purposes of increment. †However, as they hold only temporary posts, it may happen that they will be discharged from service before completing thirty years service, in which case they will not be eligible for any pension. Government has decided that if any such person cannot be continued in service because of want of a permanent post, Government may require him to retire before he completes thirty years' service, in which case he will continue to be eligible for the pension and gratuity as admissible under the revised pension rules, notwithstanding that he has not completed thirty years service.

(d) †Subject to the prior claim for confirmation of Government servants in pursuance of Rule 6 of these Rules, a permanent State servant who has not yet been confirmed in a permanent post should be confirmed in the first available permanent vacancy.

Note.—Where the State servant so eligible for confirmation has not yet passed the prescribed departmental and language examinations; if any, the actual confirmation will be postponed till he secures the necessary qualification or the period prescribed for securing the necessary qualification is over, but the vacancy will be kept reserved for him.

6. The seniority of the State servants absorbed in Government service (other than the one to whom Rule 7 is applicable) as also Regional State servants *vis-a-vis* Government servants, shall be fixed on the basis of the initial pay [excluding personal pay admissible under the proviso (ii) to sub-rule (1) of Rule 3] given to him in accordance with these Rules. A State servant as also a servant under the Regional Commissioner shall rank below the most junior Government servant drawing pay equal to or higher than the initial pay of the State servant or of the servant under the Regional Commissioner. §For this purpose in the case of Government servants, their officiating pay should be taken into account, if on the date of absorption of the ex-State servants *vis-a-vis* whom their seniority is to be determined, they have been officiating continuously in the cadre in question at least for two years and the appointing authority certifies that the Government servants are not likely to revert from that cadre. As between two State servants whose initial pay is identical, seniority shall be fixed on the basis of length of service in the State. As regards the seniority between a servant under the Regional Commissioner and a State servant, the latter should rank below the most junior Servant under the Regional Commissioner drawing pay equal to or higher than the State servant.

Note.—†In order to avoid delay and inconvenience to the servants of the merged and integrated States, the pay of each State servant who has been absorbed in the service of this Government and appointed to a non-gazetted post may initially be fixed by the Head of Office concerned and the pay so fixed will be admitted in audit provisionally pending detailed check by the A. G., Bombay or by the Dy. A. G., Baroda, as the case may be. Except when such pay is higher than the maximum of the scale of the post in which they are absorbed, State servants may be allowed to draw the same pay which they were getting at the time of merger, provided that it is certified by the respective Heads of Departments that:—

(i) the pay drawn by a State servant before absorption is his 'basic pay' as per rule 2(a) of these Rules, and that

(ii) his present pay is not higher by 20 per cent. or more than the basic pay drawn in the State service on 1st August 1947 (on the date of entry into State service, if it is later than 1st August 1947) within the meaning of proviso (iv) to Rule 3(1) of these Rules. ¶The staff should however be given to understand that the pay allowed would be subject to such revision as may be found necessary in the light of subsequent audit scrutiny and all overpayments recovered in full. To facilitate this scrutiny all Heads of Offices should prepare a statement in the form ¶ attached and sent to the A. G. Bombay, or the Dy. A. G. Baroda, as the case may be. A similar Statement should also be prepared in respect of cases governed by Rule 3(2) of these Rules. The service book/records duly completed should also accompany the Statement. In respect of Government servants in the three districts of Baroda, Mehsana and Amreli under the audit control of the Dy. A. G. Baroda, the Heads of Offices should send the relevant documents to that Officer.

## APPENDIX II—contd.

7. The provisions of the foregoing rules do not apply to such categories of permanent State servants as may, in view of their pay scales being clearly higher than those of corresponding Government servants be notified by Government under this Rule. All State servants belonging to these categories shall on absorption in Government service, continue to get the pays and pay scales admissible to them on State service. \*They should be deemed to be on the mofussil scales of pay and accordingly such of them as are stationed in Bombay and other places where the benefit of the Compensatory Local Allowance and/or the House Rent Allowance is admissible shall be allowed to draw the allowance or allowances at the sanctioned rates.

I. The concession of retaining the pay and pay scale sanctioned by the former State Government is admissible to an ex-State servant, who has been considered fit and absorbed in a post or cadre under this Government which is corresponding but the pay scale of which is clearly lower than the pay scale of the corresponding post under the former State Government.

II. An ex-State servant who has not been considered fit and absorbed in a corresponding post under this Government and because of such unfitness, has been absorbed in a lower post, is not entitled to the concession of the above rule. His pay should be fixed in the pay scale of the post in which he has been absorbed subject to the condition that if the pay so fixed is less than the substantive pay he was drawing in the former State service the difference should be granted as personal pay.

III. The State servant who has been considered fit and absorbed under this Government in a post which is admittedly inferior to the post he held under the former State Government and whose case requires to be regulated according to II above, should either accept the post and pay-scale admissible to him or if he is dissatisfied with the pay and the pay scale offered to him and, if he so desires, elect to retire on the sp. concessions in accordance with para. 2 of G. R., P. & S.D., No. 2735/46-I, dated the 28th November 1951.

7A. Seniority of ex-State servants whose pay has been fixed under rule 7 above, should be fixed on the basis of the pay that would have been admissible to them under rule 3(1), 3(2) or 4 above as the case may be, had their pay been fixed under that rule.

The following principles are laid down for applying this rule.

*Instruction.*—The Heads of Departments should report to the Political and Services Department through the Administrative Department of the Secretariat concerned the categories which, in their opinion, should be notified under this rule.

## APPENDIX IV.

ALLOTMENT OF CLASS IV SERVANTS FOR PERSONAL ATTENDANCE ON GOVERNMENT OFFICERS  
AND FOR SERVICE IN THEIR OFFICES—

## GOVERNMENT OF BOMBAY.

## FINANCE DEPARTMENT.

Resolution No. 7983/33.

Secretariat, (Annexe), Fort, Bombay, 20th May 1952.

Please read Appendix II in New Rates of Pay Rules and Pay and Cadre Schedule.

RESOLUTION.—Government has been considering the question of allotment of Class IV servants for personal attendance on Government officers and for service in their offices and is pleased to pass the following orders.

2. The allotment of Class IV servants for personal attendance on officers should be revised as follows:—

Designation of the officer.	Allotment sanctioned.
Secretaries to Government	.. 1 Naik and 2 peons each.
Additional Secretaries to Government	} 1 Naik and 1 peon each.
Joint Secretaries to Government.	
Deputy Secretaries to Government ..	.. 2 Peons each.
Inspector General of Police and Commissioner of Police.	1 Head Constable and 3 Constables each.
Collectors and Director of Land Records	.. 1 Havildar and 1 peon each.
District Judges .. ..	.. 1 Havildar and 1 peon each.
Superintending Engineers. ..	.. 1 Naik and 1 peon each.
Conservators of Forests .. ..	.. 1 Naik and 1 peon each.
Heads of Departments not separately specified ..	.. 1 Naik and 1 peon each.
Deputy Inspectors General of Police ..	.. 1 Head Constable and 2 Constables each.
District Superintendents of Police ..	.. 3 Constables each.
Deputy Commissioners of Police ..	.. 3 Constables each.
Superintendents, Railway Police ..	.. 3 Constables each.
Assistant to the Inspector General of Police and Deputy Inspector General of Police, C. I. D.	3 Constables each.
Assistant Superintendent of Police or Deputy Superintendent of Police incharge of District Sub-Divisions.	3 Constables each.
Assistant or Deputy Superintendent of Police (Railways).	2 Constables each.
Assistant Superintendent of Police or Deputy Superintendent of Police-City Sub-Divisions.	2 Constables each.
Prant Officers, City Magistrate, Poona, Superintendents of Land Records, Northern Circle and Southern Circle.	1 Peon each.

## APPENDIX IV—contd.

Inspectors of Police	..	..	1 Constable each.
Sub-Inspectors of Police in the mofussil	..	..	1 Constable each.
Other Gazetted Officers	..	..	1 Peon or orderly each subject to orders in sub-paragraph 3 below.

Where an officer acts in a dual capacity as a permanent arrangement, he will be entitled to only one set of peons.

Where two non-touring and administrative (as distinguished from executive) gazetted officers of Class II or lower status occupy one and the same chamber or adjacent chambers they should share the services of one peon.

3. The distinction hitherto made between touring officers on the basis of the area of jurisdiction should be abolished and not more than one extra peon will be allowed for touring officers, whatever may be the area of jurisdiction of the touring officers except in the case of officers having jurisdiction over the whole State, in whose case 2 peons will be allowed.

The allotment of Class IV servants to officers should include no element of leave reserve. If an officer's Class IV servant goes on leave he should be replaced by a Class IV servant from the office, whose place should, if necessary, be filled by temporary recruitment.

4. As regards the Class IV servants required for service in offices, the allotment should be revised as shown below subject to local modifications, where necessary. The modifications, however, should be approved by Government:—

For offices containing sixteen persons or less on the clerical establishment.	One Class IV servant for every eight persons or fraction of eight persons.
---	--

For offices containing more than 16 persons but not more than 36 persons on the clerical establishment.	One Class IV servant for every nine persons or fraction of nine persons.
---	--

For offices containing more than 36 persons on the clerical establishment.	One Class IV servant for every ten persons or fraction of ten persons.
--	--

In counting the number of persons for the purpose of this allotment any touring members of an office establishment who are allotted personal peons should be excluded.

5. The additional Class IV servants sanctioned on account of local modifications are mentioned in paragraph 5 of the Appendix II referred to. They were sanctioned for various reasons which possibly do not exist now. The Departments of the Secretariat concerned should, therefore, review the need for the additional Class IV servants and obtain the orders of Government for extra Class IV servants in each case.

6. In addition to the above, according to present orders, any office which contains more than two but less than six Class IV servants, is entitled to a Naik and any office which contains six or more Class IV servants, a Havildar or a Naik according as it had a Havildar or a Naik prior to the issue of the orders in Government Resolution, Finance Department No. 10 dated 27th February 1933. In modification of these orders, Government is pleased to direct that the number of Class IV servants which an office should have for being eligible to a post of Naik should be raised from two to three. Further the posts of Havildars (other than those admissible for personal attendance) should be replaced by Naiks in all offices except in the case of Secretariat Departments because Secretaries as such are entitled only to Naiks.

7. The allotment of Class IV servants for touring Government servants of non-gazetted rank is under consideration and orders in that behalf will be issued separately.

8. The Heads of Departments should review the position in accordance with the above orders in respect of the offices under their control and retrench the excess posts forthwith, and in any case not later than 1st July 1952. The action taken should be reported to the Administrative Department of the Secretariat concerned in the form attached as an accompaniment to this Resolution. The Administrative Department should then consolidate the reports in respect of the offices under their control including their own offices and forward them to the Finance Department with their comments. The Heads of Departments should not submit reports direct to the Finance Department.

*Note.*—Personal Class IV servants allowed to officers should be excluded for the purpose of determining the admissibility of a Naik under paragraph 6 of the above Resolution. Under the revised orders, the minimum number of Class IV servants which an office should have, excluding the personal Class IV servants of officers, for the purpose of admissibility of a Naik, is more than three i.e., four (G. C. F. D. No. 7933/33 dated 29th July 1952).
